

Kansas, Nebraska & Colorado Beef Verification Solution

The current Verification Centers are available to assist beef producers with

- 1. Collecting**
- 2. Managing** and
- 3. Communicating individual animal data.**

There are a variety of flexible applications and options you can choose that adapt to your operation:

- * **Age & source verification,**
- * **USDA Process Verified Program**
- * **Calf rank reports,**
- * **Carcass evaluation,**
- * **NAIS compliance**
- * **Other herd management tools.**

Electronic tags, visual tags, electronic readers and related system options are made by contacting a Verification Center as listed on the reverse side of this brochure.

Source and Age Verification through AgInfoLink's USDA-approved PVP

AgInfoLink is a USDA Process Verified Company

For specific claims visit <http://ProcessVerified.usda.gov>
